We're the place to get for your referred publication. And today, your time to acquire this specific guide as among the compromises has become ready. Onto its roof now, the Pontiac spun as it slid, grinding loudly against the blacktop, and regardless of how determinedly Agnes held on, she was being pulled out of her seat, toward the inverted ceiling and also backward. Her forehead knocked hard into the thin overhead padding, and her back wrenched against the headrest..CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand.."That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal

from it. Roasters die in a year or two. Where to, dowsers?" The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream." was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion. "Crafty men" is what they called wizards in those days. In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?" she'd crossed herself during Edom's rant about the Tri-State Tornado of 1925. Then, she'd been warding off bad fortune; now, with a smile and a look of wonder, she was acknowledging the grace of God, which, according to the cards, had been settled generously on Bartholomew. Had Kathleen Klerkle been a man, she would have enjoyed larger quarters in a newer building in a better part of town. She was more gentle and respectful of the patient's comfort than any male dentist Nolly had ever known, but prejudice hampered women in her profession. "No, the monster lives in there," Barty said, which was a joke, because he'd never suffered night frights of that-or any--sort. Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of rumpled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold. Now that neither of them had a doubt that the other shared the same need and that eventually they would satisfy each other, Victoria was opting for discretion. Wise woman. As a recreational site, Quarry Lake could be judged only a partial success. During the mining operation, trees were cleared well back from the edge of the dig, so that much of the shore would be unshaded on a hot summer day. And along half the strand, signs were posted warning Ungraded Shore: Immediate Deep Water. In places, where lake met land, the bottom lay over a hundred feet below. Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him. That last part was true. He just wasn't loose in this world anymore. And in the world to which he'd gone, he would not find easy victims. Somehow, Agnes knew that in his younger days, Obadiah had been a stage magician. Artlessly, she drew him out on the subject. He did not answer Hound's question. At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish. She asked him how many fingers she was holding up, and he said four, and four it was. Then two fingers. Then seven. Her hands so pale, the palms both bruised. He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses. He didn't pause to lock the house behind them. Bright Beach, in 1965, was as free of criminals as it was untroubled by lumbering brontosaurus. As he entered, the visitor's back was to Junior, and he moved toward the table, where dead Victoria sat with her head on her folded arms. She looked for all the world as though she were just resting. He had not yet disposed of her personal effects. In the dark, he went to the dresser, opened a drawer, and found a cotton sweater that she had worn recently. Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed. She thought that she already knew all about humility, about the necessity of it, about the power of it to bring peace of mind and to heal the heart, but in the following few minutes, she learned more about humility than she had ever known before. were a favorite pair when he was puttering around the house on weekends. "Oh," he said, "that dog." Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy. The lid of the cooler wasn't on as tight as it ought to have been. From around one edge slipped a thin and sinuous stream of smoke. Something on fire. "If you don't, your feeling gland isn't working. Want me to read you to sleep?" Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock. Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused. "The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery." He hesitated, because until the limited explanations he'd made to Celestina in San Francisco, he had never discussed his special perception with anyone except two priest counselors in the seminary. At first he felt uneasy, talking of these matters to strangers-as if he were making a confession to laity who held no authority to provide absolution but as he spoke to this hushed and intense gathering, his doubts fell away, and revelation seemed as natural as talk of the weather. Two things about him were remarkable, beginning with his face. His head was wrapped with white gauze bandages, so he looked like Claude Rains in *The Invisible Man* or like Humphrey Bogart in that movie about the escaped convict who has plastic surgery to foil the police and to start a new life with Lauren Bacall. Blond hair sprouted from the top of the elaborate wrappings. Otherwise, only his eyes, his nostrils, and his lips were uncovered. In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown. "Nervous," he said, and howled when one of the paramedics proved to be a sadist masquerading as an angel of mercy. With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident. This was the image that plied the turbulent waters of Junior Cain's imagination when he sailed out of the driver's door and came around to face the Studebaker, his heart dropping like an anchor. With his bent thumb against the crook of his forefinger, he flipped the quarter. Even as the coin snapped off the thumbnail and began to stir the air, Tom flung up both hands, fingers spread to show them empty and to distract. Yet on a second

look, the coin was not airborne as it had seemed to be, no longer spinning-wink, wink-before their dazzled eyes. It had vanished as though into the payment slot of an ethereal vending machine that dispensed mystery in return..The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick-it was clean-but he had no recollection of this bit of housekeeping..Alarmed, concerned that his patient's emotional reaction would lead to racking sobs, which in turn might stimulate abdominal spasms and renewed vomiting, Parkhurst called for a nurse and prescribed the immediate administration of diazepam..Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--".Still on her knees, she raised the weapon and realized that she was going to shoot the maniac in the back, that she had no other choice, because her inexperience didn't allow her to aim for a leg or an arm. The moral dilemma overwhelmed her, but so did an image of Phimie lying dead in bloody sheets on the surgery table. She pulled the trigger and rocked with the recoil..With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously..Wally drove slowly, carefully, with all the responsibility that you would expect from an obstetrician, pediatrician, and spanking-new fianc?. The trip home to Pacific Heights took twice as long as it would have taken in clear weather on a night without a pledge of troth..Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window..Cold, wind-driven rain slashed through the missing windows, and voices rose in the street as people ran toward the Pontiac-thunder in the distance-and on the air was the ozone scent of the storm and the more subtle and more terrible odor of blood, but none of these hard details could make the moment seem real to Agnes, who, in her deepest nightmares, had never felt more like a dreamer than she felt now..For guidance, Agnes couldn't rely entirely on any of the child rearing books in her library. Barty's unique gifts presented her with special parenting problems. Now, when he asked if he could stay up even later, to read about John Thomas Stuart and Lummox, John's pet from another world, she granted him permission..Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them..And here, now, into the kitchen through a door with a porthole in the center. Into sizzle and clatter, into clouds of fried-onion fumes and the mouthwatering aromas of chicken fat and shoestring potatoes turning golden in deep wells of boiling cooking oil..This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away..The glittering room appeared unchanged. Even the piano player seemed to be the man who'd been at the keyboard back then, though his yellow-rose boutonniere and probably his tuxedo, as well, were new..She was forty-three, so young to have left such a mark upon the world. Yet more than two thousand people attended her funeral service-which was conducted by clergymen of seven denominations-and the subsequent procession to the cemetery was so lengthy that some people had to park a mile away and walk. The mourners streamed across the grassy hills and among the headstones for the longest time, but the presiding minister did not begin the graveside service until all had assembled. None here showed impatience at the delay. Indeed, when the final prayer was said and the casket lowered, the crowd hesitated to depart, lingering in the most unusual way, until Barty realized that like he himself, they half expected a miraculous resurrection and ascension, for among them had so recently walked this one who was without stain..Through the door came the sound of running water splashing in a sink. Neddy washing his hands..As Edom crossed the threshold, moving outside to the landing at the top of the stairs, Jacob followed, proselytizing for his faith: "Christmas Eve, 1940, St. Anselmo's Orphanage, San Francisco. Josef Krepp killed eleven boys, ages six through eleven, murdering them in their sleep and cutting a different trophy from each-an eye here, a tongue there."..There would be lots of aftermath with three at once, especially if he took them out with point-blank head shots, but Junior was pumped full of reliable antiemetics, antidiarrhetics, and antihistamines, so he felt adequately protected from his traitorous sensitive side. In fact, he wanted to see a significant quantity of aftermath this time, because it would be proof positive that the boy was dead and that all this torment had come at last to an end..He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psyhic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed?.Maria, puzzled but cooperative, left the room as instructed, and Barty removed the correct book from the stack on the table, without anyone's guidance. He sat in the armchair at his mother's side and began to read:..The upper end of the bed was elevated. Otherwise, Agnes would not have been able to see the room, for she was too weak to raise her head from the pillows..When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible..Gorging on fudge cake and coffee to guard against a spontaneous lapse into meditative catatonia, Junior manfully admitted that he had been weak, that he had reacted to the unknown with fear and retreat instead of with bold confrontation. Because each of us can trust no one in this world but himself, self-deceit is dangerous. He liked himself better for this frank admission of weakness..Perhaps she was afflicted with only expressive aphasia, but she must be confused to some degree. The baby, which would be placed for adoption, was not hers to name..He stared I out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything..Furthermore, fear of the unknown is a weakness also because it humbles us. Humility, Caesar Zedd declares, is strictly for losers. For the purpose of social and financial advancement, we must pretend to be humble-shuffle our feet and duck our heads and make self-deprecating remarks-because deceit is the currency of civilization. But if ever we wallow in genuine humility, we will be no different from the mass of humanity, which Zedd calls "a sentimental sludge in love with failure and the prospect of its own doom."..Devil mountains, sacred islands, sacramental rivers and cities, Jesuits: These spiritual references at every turn made Junior uneasy. This was a haunted night, no doubt about that. He wouldn't have been greatly surprised if he had glanced at his rearview mirror and seen Thomas Vanadium's blue Studebaker Lark Regal closely tailing him, not the real car raised from Quarry Lake, but a ghostly version, with the filthy-scabby-monkey spirit of the cop at the wheel, an ectoplasmic Naomi at his side, Victoria Bressler and Ichabod and Bartholomew Prosser and Neddy Gnathic in the backseat: the Studebaker packed full of spirits like a bozo-stuffed clown car in a circus, though there would be nothing funny about these revenge-minded spooks when the doors flew open and they came tumbling

out. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her. Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself. Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized. Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone. In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood. Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart. In a state of wonderment that was laced with dread rather than delight, he looked up from the quarter, seeking an explanation from Vanadium, expecting to see that anaconda smile. Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles. After an interminable silence, the detective said, "Do you know what believe about life, Enoch?". Glaring and red-faced, lowering his voice almost to a whisper, Neddy said, "I'm sorry, but you've got me all wrong. I'm not like Renee and you." Ferocious pirates, ruthless secret agents, brain-eating aliens from distant galaxies, super criminals hell-bent on ruling the world, bloodthirsty vampires, face-gnawing werewolves, savage Gestapo thugs, mad scientists, satanic cultists, insane carnival freaks, hate-crazed Ku Klux Klansmen, knife-worshipping thrill killers, and emotionless robot soldiers from other planets had slashed, stabbed, burned, shot, gouged, torn, clubbed, crushed, stomped, hanged, bitten, eviscerated, beheaded, poisoned, drowned, radiated, blown up, mangled, mutilated, and tortured uncounted victims in the pulp magazines that Paul had been reading since childhood. Yet not one scene in those hundreds upon hundreds of issues of colorful tales withered a corner of his soul as did a glimpse of Barty's empty sockets. The sight wasn't in the least gory, nor even gruesome. Paul cringed and looked away only because this evidence of the boy's loss too pointedly made him think about the terrible vulnerability of the innocent in the freight-train path of nature, and threatened to tear off the fragile scab on the anguish that he still felt over Perri's death. Vanadium, lending an aura of normalcy to the house. Now he wanted silence, so he would immediately hear another car in the driveway if one arrived. Then the boy put new and puzzling shadings on his meaning when he said, "Daddy died here, but he didn't die every place I am." Rising, Celestina said to Tom, "Last Tuesday night, we had to switch on the lawn sprinklers. This will be much better." In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man. Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming. What the commodifiers of fantasy count on and exploit is the insuperable imagination of the reader, child or adult, which gives even these dead things life-of a sort, for a while. Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . .". On the back of the watch case, however, were the incriminating words of a commemorative engraving: To Eenie/Love/Tammy Bean. She had put aside a half-finished pencil portrait of Phimie to develop several of Nella Lombardi. Two teenage boys and one elderly woman scrambled across the sidewalk, grabbing at the ringing rain of quarters. They caught some, but others bounced and twirled through their grasping fingers, rolling-spinning away into the gutter. Rising slowly like the blade in the hands of an ax murderer as deliberate as an accountant, Thomas Vanadium's gaze arced from Junior's clenched fist to his face. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair-and his hand was empty. Initially, when told that his patient was a Negro, Junior had been reluctant to serve as her physical therapist. Her program of rehab required mostly structured exercise to restore flexibility and to gain strength in the affected limb, but some massage would be involved, as well, which made him uncomfortable. When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse. Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?". "I'm interested in one of the smaller Griskins," said Junior, managing to appear calm, although his mouth was dry with fear and his mind spun with crazy images of the maniac cop, dead and rotting but nevertheless lurching around San Francisco. As was true of the entire house, the bedroom was immaculate. The wood floor gleamed as though polished by hand. A simple white chenille spread conformed to the bed as smoothly and tautly as the top blanket tucked around a soldier's barracks bunk. Meanwhile, as attorneys met on Tuesday afternoon, Junior, having taken leave from work, phoned a locksmith to change the locks at his house. As a cop, Vanadium might have access to a lock-release gun that
